

# CREATE YOUR OWN AT-HOME PRAYER SPACE

WITH ITEMS AROUND YOUR HOME

## Pick the Right Spot

Find a corner nook, a shelf, window sill, a small table, or some other small space that can be used. It should be a space that allows individuals or the entire family to gather comfortably around to pray.

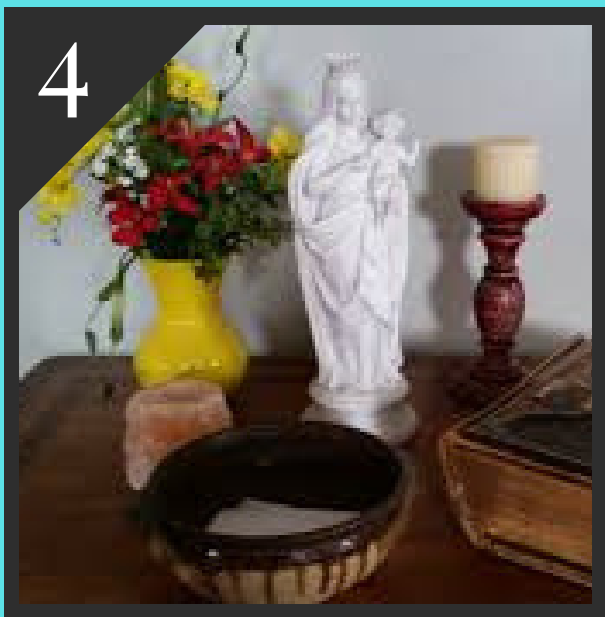

## Choose a Center Piece

Pick an item to be at the center of your prayer space. This item can be bigger to help draw your attention to the prayer space. If you don't have a picture or statue to use, you can print an image, draw an image, or have your child color an image. A Bible can also be used as your center piece.

## Add your Catholic touch

Add any items you would like such as a Crucifix, rosary, prayer books, a Bible, prayer cards, and such. These items are probably already in your home, now you have a central spot to put them! You can also add a small container to hold your petitions. Your families special prayers can be written down and kept in the container as a reminder that you have given these petitions to God, and He hears our prayers!

## Make it Special

Sacred spaces are often made special by adding candles or flowers around them as a sign of faith, love, and devotion. Add a little something to help make it a special and beautiful space. We often see God though beauty, make you space a joy place that helps you connect to God!

ENJOY YOUR PRAYER SPACE!
